BobCARE PM Planned Maintenance

BobCare PMSM planned maintenance helps keep your Bobcat equipment up and running! That's because nobody can take care of Bobcat equipment better than our trained service technicians, using genuine Bobcat parts that fit and perform.

- **BobCare PM** is scheduled at regular intervals.
- **BobCare PM** can be done in our shop or at your jobsite.
- **BobCare PM** is performed by Bobcat-trained service technicians.
- **BobCare PM** lets you choose from different levels of service.
- **BobCare PM** keeps downtime and cost per hour low, performance high.
- **BobCare PM** includes lab analysis of your engine and hydraulic oil.
- **BobCare PM** is available only from your Bobcat dealer, Bobcat Central.

BobCheckSM is a multi-point inspection for Bobcat equipment designed to detect potential problems in their early stages. We perform a BobCheck inspection when your Bobcat equipment is being serviced in our shop or at your jobsite.

The BobCheck inspection:

- ...takes just a few minutes;
- ...is extremely thorough;
- ...gives you an accurate picture of the equipment's condition;
- ...lets you know if specific repairs are needed!

Your Bobcat-trained technician knows what to look for. BobCheck includes inspection of:

- General maintenance
- Hydraulics
- Engine
- Hydrostatics
- Electrical

**Ask your service or product support representative about BobCheck and BobCare PM planned maintenance!
...from the pros who keep you up and running!**
